Sub : Approval to the proposal of M/s. BKG Enterprises LLP to establish "IT and Hardware Park along with other supporting amenities" at Haraluru Village, Channarayapattana Hobli, Devanahalli Taluk, Bengaluru Rural District.

1. Proceedings of the 60th Land Audit Committee (LAC) meeting held on 06.03.2019..
2. Proceedings of the 115th State Level Single Window Clearance Committee (SLSWCC) meeting held on 07.03.2019.

Preamble:

M/s. BKG Enterprises LLP has proposed to establish "IT and Hardware Park along with other supporting amenities" with an investment of Rs.489.82 crore, generating employment to about 10000 persons at Haraluru Village, Channarayapattana Hobli, Devanahalli Taluk, Bengaluru Rural District.

In the 60th Land Audit Committee meeting held on 06.03.2019, the representative of the company appeared before the committee and highlighted the project proposal and requested for acquisition and allotment of 50 acres of land by KIADB as SUC in Sy. Nos. 37, 61, 65, 71, 72, 74, 76, 77, 78, 79 and 80 of Haraluru Village, Channarayapattana Hobli, Devanahalli Taluk, Bengaluru Rural District.

CEO & EM, KIADB informed that PAC conducted and land composition yet to be decided. Lay out to be developed and allotment cost to be fixed.

Commissioner for Large and Mega Industries noted that the acquisition process for the above land is not completed and the land has not yet been handed over to the Board. Further, availability of land for allotment is not notified in the KIADB website and hence, land is not readily available for allotment to industrial projects in the said area.

The Committee also noted that there have been precedences in the past where the requests of proponents of large projects for approval on the lands still under acquisition by KIADB have been considered by LAC, SLSWCC and SHLCC to facilitate them to make preparations like project planning and funding arrangements.

The Committee also opined that considering the Plot Coverage and FAR envisaged in the project proposal, the 50 acres of land requested for the project is on higher side and 35 acres of land may be sufficient for the project.

The Committee noted the request of the company and the opinions as above and after detailed discussions, resolved to place the subject before SLSWCC for information and suitable decision.

 - 2) Proceedings of the 52nd State High Level Clearance Committee (SHLCC) meeting held on 03.12.2018.

Preamble:

M/s. Texas Instruments India Pvt. The proposal of the company has been placed before the 53rd LAC meeting held on 21.07.2018. The representative of the company appeared before the committee and highlighted the project proposal and requested for allotment of 20 acres of land at Plot No.4A (IT sector) in Hi-tech, Defence and Aerospace Park, Bengaluru.

He also informed that the company is wholly owned subsidiary of Texas Instruments, USA and they were the first to set up Technology Centre in Bengaluru. They are currently operating from Bagamane Tech Park, Bengaluru.
